To

The Firms dealing in Switches and Crossings.

Enquiry No. 1800.

SWITCHES AND CROSSINGS.

Please be good enough to intimate your best prices and the earliest time of delivery for the materials described below :—

(1) Crossings 1 in 8½ from 50 R. Lb. F.F.B.S. Section rails for M.G., as per I.R.S. Drg. No. TA. 5127 and to I.R.S. Specification No. T. 10-34 to suit to switches in item 2 below .. .. 13 sets.

(2) 13′–6″ over-riding switches from 50 R. Lb., F.F., B.S. Section rails for M.G. as per I.R.S. Drg. No. TA. 5128 and to I.R.S. Specification No. T. 10-34, Gauge tie plates, connecting rods, lever boxes, etc., complete (7 sets to be right-handed and six sets to be left-handed) .. .. .. 13 sets.

(3) Crossings 1 in 12 from 50 R. Lb. F.F., B.S. Section rails for M.G., as per I.R.S. Drg. No. TA. 5124 and to I.R.S. Specification No. T. 10-34, to suit to switches in item 4 below .. .. 4 sets.

(4) 18 ft. over-riding switches from 50 R. Lb. F.F., B.S. Section rails for M.G. as per I.R.S. Drg. No. TA. 5125 and to I.R.S. Specification No. T. 10-34, Gauge tie plates connecting rods, lever boxes, etc., complete (2 sets to be right handed and two sets to be left-handed) .. .. .. 4 sets.

N.B.—(1) Part Nos. as indicated in Drgs. must be stamped on the fittings or parts supplied.
(2) Three stretcher bars are to be supplied with the switches. These may be of flat-bars $2\frac{1}{2}'' \times \frac{3}{8}''$ with holes drilled suitably. The distance from toe of point to the centre of first bar should be 1′–3″, to the second bar 3′–0½″ and to third bar 4′–10″.
(3) Round spikes $5'' \times \frac{3}{4}''$ and $6'' \times \frac{3}{4}''$ are also to be supplied.
(4) All optional bearing plates marked in the I.R.S. Drg. are to be supplied.

The prices to be quoted should be for delivery at the destinations, *viz.*, f.o.r., Mysore and also f.o.r., Anandapuram Stations, based on Railway Material Certificate Rates.

Delivery of one set of the materials should be effected by end of May 1936 and out of the balance at least 50 per cent of the materials should be delivered by 30th June 1936 and the balance to be completed by 30th September 1936.

Tenders should specify the process by which steel of which materials are manufactured is made.

The materials will be subjected to inspection and test by the Inspecting staff of the Indian Stores Department and an acceptance or rejection of the materials will be based on the results of such Inspections.

In the event of unsatisfactory supplies or delay, the Stores Purchase Committee reserve the right to levy three per cent of the value of the order as liquidated damages for each month or portion of the month's delay.

The quotations should be superscribed "Quotations for Switches and Crossings," with the above enquiry number.

This enquiry will be closed on the 4th May 1936.
